“ *I am so sorry we have lost such a wonderful caring friend. I had the pleasure of having Tony in my life for over 30 years. I haven't seen him for the last few years, since I moved to California, but we always stayed in touch. I have so many memories starting with helping me teach my granddaughter, who is now 30, to walk. He will always be a big part of my extended family. I wish I could have come to his memorial, but it is too far from California. Please know that I am with you all in loving spirit.*
