“ My condolences to the Linkous family. "Stick" & I were "CB" buddies back in the day when that type of communication was popular. I met him when he worked as a mechanic @ shop behind University Mall. He was such a nice guy! Very personable & humble. I was saddened to read of his passing. Years unfolded & we never talked again, but I never forgot him. I was privileged to call him my friend. ~Karen Link~

“ Sharon, I am so shocked and sorry to see this. He and I were classmates all through school and worked around each other at VT. I pray so many prayers for you
