“ Brent was a good guy he would do anything for anybody. We had a lot of good times together. I met Brent in 2002 when I started working with him at C&S Door and from then on we did everything together. Ended up working at 2 other places together all the while there was lots of fishing. We did so much fishing we talked about going pro but we never did. I'm going miss you brother. I will be praying for peace and comfort for all the family.
