“ My mom was a selfless loving caring very strong woman. She was someone you could count on. She was always the life of the party anytime there was a get together. She always made sure she was there for all of us (kids) and she never put anything before us. I am thankful she didn't have to suffer for a long time but I wish there was something that could have been done to help her. Now she is with her daughter Tracy and the rest of her family. Fly high momma and know we miss you dearly and we love you.
