“ So sorry to hear about Gene's passing. My name is Sam Starnes. I grew up with Gene and all of his siblings on Starnes Bluff. Many happy memories going to church, playing ball, and fishing in the Woods Pond. I want to express my condolences, and my thoughts are with you during this time.

“ It was with great sadness that I learned of Gene's passing. He will be missed by so many. Anyone who worked at Dairy Queen on Route 460 knew what a fun-loving person he was. He constantly made everyone laugh by cracking jokes, and he always had a smile on his face. But, he also had a genuine quiet, caring way about him that I will never forget.

Before committing his time fully to Dairy Queen, he owned and ran a car lot. After weeks of convincing me I could do it, he sold me my first “grown-up” car. He knew what I was driving was sub-par, and since I was pregnant it really bothered him. He more than likely had to pull some strings to help me out, but he or Barbara would have never told me that. They were the dynamic duo in so many ways, and helped all who worked for them in one way or another.

When you get older, you realize that the people around you helped shape the person you are. I can confidently say that Gene was one who shaped my life in a responsible, kind and positive way.

Barbara, Emily, Brad and Amy—please accept my heartfelt condolences, and know that I'm thinking of you during this difficult time.

*Sharing in your sorrow with love and friendship,

“ I was 11 or 12 years old when Barbara (my sister) and Gene started dating. Gene quickly became the older brother who taught me how to fish and drive a car. Later in life he and Barbara opened their home to me during holiday and summer breaks from college. Gene was a good friend, husband, and brother. I shall miss him. Dale W. Whetsel
