“ Uncle Darrell...you were always the kindest man to everyone. I know there were a couple of people that plucked your nerves (we discussed them and we both know who they were) but you never spewed hatred. One particular conversation not to long ago you said to me, please find forgiveness...it'll set you free. I will try to do that for the rest of my life. You are always my favorite uncle even though we lost so much time, always know you were always in my heart and truly missed. I will forever be thankful that we reunited our relationship a few years back. And created new memories I will cherish for eternity. I will see you at our family reunion soon and once again, you will be the life of the party. I love you to the moon and back, always. Love your niece, Tammy

Darrell, my dear friend, and the most special repairman ever. I could always count on you to take care of any problem I had. You once told me you could fix anything except a broken heart. Well, mine is broken. I will always remember you with the most fond memories. I first met you at State Farm many years ago. Joyce, I send my most sincere sympathy to you, Lori, the children and grandchildren. RIP my dear friend..
