“ I have a lot of cool memories working with David Wayne and Jeff Brown back in the '80s. We traveled around with my Dad's car crushing outfit, recycling old cars. We all worked hard and had a lot of fun doing. I miss those days with David! We all picked on each other a lot, I especially remember David would say "I'd like to have that". Usually it was a nice old car! I'd see just about anything imaginable and ask David , would you like to have that? We had a lot of good times working together! My thoughts and prayers are with his family 🙏

“ *My sincerest condolences to David's family. I didn't have an opportunity to meet him, but I learned about him through working with his sister, Mary at Moog. She quickly became a treasured friend and I know how much she loves her family. My heart hurts for her & her family. I will pray for God to be close & bless everyone with the special comfort that only He can give. I love you, Mary!! You are not alone on this journey. I will be thinking of you especially on Friday.*
