“ Dennis was responsible for enterprise Safety at Hubbell and worked with me for several years. He was committed to the safety and well being of all Hubbell employees and did his job very well. He was a very gentle person but was fierce when it came to doing his part to ensure a safe work environment. So many employees that never knew Dennis are indebted to him for his efforts. We will miss you, Dennis.

“ Denny was a neighbor a friend. Over the years him and Pam was like my second parents. When I needed advice I called Denny. Is there a number I can call in heaven? I am going to be lost without you. We have had so many great memories. I can't just name one. I LOVE you Dennis Davis and I promise I will be watching over Pam and Louie. I will see you again one day. 🙏❤️💔

“ Dennis was the best neighbor and friend anyone could wish for. We had many conversations over the back fence about anything and everything for many years. I'd look for him whenever I went into the back yard. I will miss him terribly. Rest in Peace my friend 💔

“ *Although I have not been close to Dennis in recent years, I remember him as a great person. He was kind, gentle and understanding, but at same time could be firm when required. I hired Dennis at Hubbell as a foreman in the press area, later promoted him to Manufacturing Engineer and saw him become Plant Manager at one of our plants in Kansas City Mo. When Hubbell moved that plant to Christiansburg, Dennis was again promoted and returned to Christiansburg but worked for the Hubbell Corporation as a Environmental engineer. He will be greatly missed by all of us who knew him and of course by Pam and family.*

I worked for Dennis in the punch press department. He was my supervisor and I thought so much of him. As he moved up in his career we would see him from time to time. He was always the same. Friendly and that big smile that we welcomed every time we would see him. I retired and lost touch with Dennis. I was so sad to hear of his passing. My heart goes out to his wife Pam. And all his family and friends. RIP Dennis you are missed by all of us who knew you and are better people for having know you.
