“ *Steve Shelor was my best friend and brother for many years.*

He was a very funny and caring person.

We had many memorable adventures together.

We could always make each other laugh hysterically.

Steve was family to me. I loved spending time at his house with his parents who always made me feel welcomed.

Steve loved my mother's Sunday dinner fried chicken as much as I did

i will never forget Steve and i will miss him very much.

When Steve was playing varsity football and I was playing JV, he very kindly cleaned and polished his football shoes and gave them to me to wear on game day. That sure meant a lot to me.

Rest in peace, my good buddy

“ I remember Steve was a good athlete in HS. Same class as my brother, David Stafford who passed away in 2020. My Dad thought a lot of Steve and how compassionate he was towards animals. (He was a veterinarian) so sorry to read this. One of the good guys!! RIP Steve and bless each family member.
