“ The first time I met Jeff was through my boyfriend Mark, they have been best friends for 40 yrs. he asked me if I could cook on a grill, I laughed and said yes, he looked at me and told me to prove it. I will never forget that day. and i fixed his chicken on the grill. and every time when we were there. we love you and miss you everyday. rest in peace in the arms of Angels.

“ Dean and family. We were sure sorry to hear about Jeff. I hadn't seen him in years. Seems we all get scattered out and don't cross paths much any more. I guess that's the way it works. I can remember poor Jeff herding Larry and Stanley like a mother duck. He deserves a lot of stars for the job he did. Know that y'all are in our thoughts and prayers and you should bring that grandbaby fishing.

*Sincerely Chuck and Joan*

“ I was one of many who worked with Jeff at Sears. He and I formed a bit of a bond and, as he was 20 years older, I learned a thing or two from him as well. I think he enjoyed his life and the time he had. I will miss him, as my friend said he was one of a kind, like we all are.

“ My best friend's longtime best friend and he my friend by association, left us before we all were expecting it. It is a shock and comes with a lot of heartache and questions that will forever go unanswered . I will miss his kindness. He knew that I am kind of agoraphobia and he would make a special effort to visit me and Michele. She will miss him more than I can explain and she is unable to due to her heartache. I know he has been her rock. He was someone she leaned heavily on after her father's death and through some personal situations. I can only say he will never be forgotten and he will be forever loved and respected. I personally believe no one is truly gone until they are forgotten and no longer remembered. Jeff you are an unforgettable friend. I am blessed to have known you - Gina
