“ Hey old friend, I haven't spoken to ya in forever. We were close growing up around pangborn park.. made many of memories around there and I just want to say that I pray you are at rest, I pray your family heals the best they can. You had such an upbeat personality and hanging with you back in the day, riding bikes. Going fishing or wrestling in your house was always a blast, I am sure everyone is so shocked by this, me too. I'll remember those times we shared and that era of our lives when nothing else mattered but the joy of the ride. Rest easy kid ⚡
