“I worked with Kat many years ago at Poly Scientific (Moog) & I never forgot her. She was always laughing, joking & I don't remember ever seeing her without her signature smile. We reconnected years later at a Ladies Retreat for all the churches in the area. She was the same "Kat"!! My sincerest condolences to her family.

“ *One of the most loving and caring people I’ve had the pleasure to know. She always left us with a smile and a hug. God has gained a beautiful flower for his garden. May the Lord keep you all in his loving arms.*
