Dear Susan

Your Mom and Dad were dear friends to Wayne and I. First, we knew them as neighbors on Summit Ridge Rd. We lived at 330 between the Charlton's and the Williams and they were very welcoming to us when we moved in. Of course Bruce worked at the School Bd then and Mary Joyce at CHS keeping the registers. One memory of your dad was on a snowy morning, as I held my breath while he climbed up on an icy roof to fetch my daughter's cat (which the cat that often times would climb on the roof). My daughter refused to go to school until the cat was down.

As for your mom, we came good friends at the high school and remained so until she died even after she retired and would ride to our retiree lunches as long as she was able and until she began to say" I really don't know the newer teachers anymore. She amazed me with her ability to remember facts and of course her great sense of humor. She really loved to laugh and quite entertaining and always bragged on you, your husband and Jay. She will be missed.

Sincerely, Joyce and Wayne Bishop

Many thanks to the Boothe family for your tribute. Mom was so buoyed up by having Ruth nearby to visit at Kroontje. It was a real blessing for her. I'm sure they revisited those many good memories during their visits.
