“ Years ago, when my daughter was far from home and needed someone she could turn to, Patsy came forward and gave her a safe place so my daughter could center herself. I will always be grateful to Patsy for providing her a home away from home during a challenging time. How do you adequately thank someone for such generosity and kindness?

Years ago I heard the following statement which I think applies:

"Death is of no concern here for she is with the risen Lord Jesus Christ and the people she has loved and was loved by." Dr. Lloyd Ogilvie, 61st Chaplain, U.S. Senate

My thoughts and prayers are with Bob and his family during this difficult time. God bless.

“ I have so many fond memories of Patsy and her family. Patsy and I began teaching the same year at Blacksburg High School. We had lunch at the same time and we discovered that we both loved to solve the word puzzles in the newspaper, especially Jumble and Wordy Gurdy. So, during lunch, we would open up the newspaper to solve the puzzles. And, of course, with Patsy, it quickly became a competition to see who could solve the puzzle the quickest!

Some years later, I had the pleasure of knowing Bob and having William and Courtney attend Gilbert Linkous Elementary when I was principal there. True to her nature of giving, Patsy spent many hours supporting not only her own children, but all the students at the school.

I am just so sad that she has passed, but I am assured that her wonderful sense of caring and giving will continue through the acts of her children and grandchildren.

“ I first met Patsy when she pledged ZTA. I loved her as a very kind and warm hearted individual. We both worked at the Virginia Tech sports camp while in college. Over the years, I always enjoyed going to VT football games and going to her tailgate. I have so many fun and fond memories of her. She will truly be missed. RIP dear Patsy. My sympathies to Bob and family.

I knew Patsy at Virginia Tech, as Zeta sisters in the early 70's. We met again years later at a reunion and that smile, that wonderful smile, had not changed a bit. Still the cheerful, kind, and funny girl with a huge heart and sparkling, contagious smile. I'm so sorry and, to her beloved family, I send love. May her memory be a blessing.

I, too, was blessed to first meet Patsy as a ZTA at Virginia Tech. What a vibrant, loving and infectious personality! A heart of gold...that would be Patsy. Along with her beautiful smile, we would see each other from time to time over the years. But time didn't matter. We were sisters. Although saddened by her passing, I know she is looking over her family & friends to help guide us and live as she did with love, kindness and charity.

“ I met my beloved Patsy at the Va Tech All Sports Camp (she was still in high school). When we discovered we were both passionate Dallas Cowboys fans, we completely connected! 🤗 Then, when she was a freshman at Va Tech, she pledged ZTA & is my Little Sister. Patsy is smart, funny, kind, generous, a talented athlete, a loving wife & a proud mother & grandmother. She will always be alive in my heart. ❤️

“ I have many special memories of Patsy, probably none more fun than the crazy skits we used to come up with to entice children to come to BUMC Vacation Bible School! That was my introduction to the stage lol! We prided ourselves on increasing enrollment every year. Just a little competitive there. I also remember leaving town when massive snow storms and this power outages hit Blacksburg. We'd escape with the kids and have so much fun. Sending love and prayers to Bob, William, and Courtney.

“ *When Patsy found out that we took our dog, Mugs, to a kennel when we travelled, she would have none of that. She kept Mugs for us many, many times. We often found Mugs lying on the Long's front lawn even when we were home. As many have already said, Patsy was ready to help whenever and wherever she could. Jim and Lois Craig*

“ Patsy and I were instant best friends when we met in Mrs Brown's fifth grade class. I have so many great memories of the fun we had and the (mild) trouble we could get ourselves into ! We grew up as VA Tech townies and tomboys with such a wonderful group of friends. Patsy was one of the most unfailingly nice, selfless people I ever met. She was always involved in the community and helping others. Hers was a life well lived, and she was and is loved by so many. I will miss her always.

I will miss her deeply, as Brenda said above, she was part of a great group of friends during high school. We rode to school together every day, had camp outs in our back yard, played basketball together and most memorable was she, Brenda and I were part of a trumpet trio at a competition and played a song called the Tree Musketeers. We were dressed alike and got a superior grade!

Patsy was fun loving , kind to everyone and will leave a big hole in this world! Love you Patsy!

Prayers for comfort during this time for the family.

Patsy added such fun and love to ZTA when she joined our chapter! And how lucky we all were to continue our friendship after college and share alumnae years with her, despite how short they were. Patsy epitomized "the greatest of these is LOVE..." Love to Bob, Courtney and William. May your memories give you comfort.
