“ She was more Than just an aunt in my family...She was a force....A force of love, strength, and support....She was always there for my family in times of need over the years. I have so many fond memories of her and will miss my visits with her greatly. My husband jack also dearly loved her and every visit in the past 20 years she and he engaged in political debates, which was quite entertaining as they came from different sides. I will miss her phone calls on my birthday as she always remembered. She was a very special lady not just to me but to many and her Kindness and strength Will live on through us. I was truly blessed to have her for an aunt!! She may be gone from here but her light will continue to shine upon us from where she is now through all of our wonderful memories of her...Rest easy Aunt Emmy and we will see you on the other side, love you always,
Cheryl & Jack

“ So sorry for your loss, my mom (Nettie Willard) talked fondly of her after their Monday bridge club gatherings. I can just see the two of them, along with other members who have left this earth, playing bridge once again.
