“ So many lovely memories -- cookouts, playing pool, discussions about the best type of green beans to grow, and, of course, VA Tech. I am so sorry to learn of Wayne's passing. Such a generous and dear man. My heartfelt sympathy to Ruby and family. Peace be with you.

“ Uncle Wayne was always so very kind and a lot of fun! I have lots of memories of him from the family reunions, he always seem very interested in our lives. If memory serves me right, one year after the July 4th reunion, him and Aunt Ruby went with us to watch the fireworks at the Shelby Mall. They both have always made me feel so special. So sorry for your loss and we are praying for you guys!

“ I met Dr Bingham as an undergraduate returning to finish school in my 30s - very knowledgeable and personable. Then was fortunate to work with him later on as the local Ag Extension agent. Even after Wayne retired we'd run into each other somewhere and chat about family, turfgrass, whatever. A truly wonderful person - so glad to have had the privilege to know him.

“ Dear Ruby,  
I was so sorry to hear the news about Wayne. I have such great memories of all the faculty that I worked with, including Wayne, from the Plant Pathology, Physiology and Weed Science era. It was always good to see Wayne and you at departmental events, even after he retired - he made the effort to join us. Wayne always had that smile that would make anyone smile. In my thoughts and Prayers. Judy Fielder (formerly PPWS).

“ I will always remember Uncle Wayne and Aunt Ruby's wedding anniversary because their wedding was on my birthday at the Bingham home place. Uncle Wayne was a good hunter. I remember his tales of calling in turkeys and think he would hunt with a bow and arrow early in the hunting season. I especially remember his accuracy with my homemade sling shot made by Uncle Billy using a dogwood branch, straps of a rubber tire, and the tongue of an old shoe. Uncle Wayne demonstrated his accuracy hitting targets several yards away with round stones gathered on a hill near the sawmill. All the Bingham's were quite an inspiration to me growing up in the family as the oldest grandson. Keeping the family in prayers as they celebrate the life of Wayne Bingham.

“ *I was only a kid and remember hunting quail with dad, uncle Wayne, and their uncle Warren. I will never forget the time we flushed a covey of quail and they flew in all directions away from us. Uncle Wayne shot in one direction and quickly turned 180° in the opposite direction and shot again taking both birds all while I was still trying to pick a target 🐓🐓🐓. He was quite the sportsman. I love y'all and will be keeping you in my thoughts and prayers!*
