“ I was very sorry to hear of Randy's passing... We played football together at Christiansburg High School... He was one of those naturally gifted athletes... I hadn't seen him since 1980 when I graduated... And out of nowhere, I just happened to run into him in early 2020 at a Speedway store in Christiansburg... I didn't see him, but he saw me and came up to talk before I left... I am so grateful for that... I've never believed that much in coincidences, so, that happening after 40 years is a "meant to be" occurrence for me... My thoughts are with his family... He was good man... SCOTT BEECHLER

“ *Godspeed to Randy and prayers of strength and healing for his family.*

I've had the great pleasure of working with Randy many times in last 35 years. I can say for certain that Virginia Tech wouldn't be where it is today without the contributions in craftsmanship that Randy has made in building the network and communications systems it relies on for nearly everything in daily life there today. His mark, and the memory of a good man, who could take the lead and do anything with a smile and a joke, will stay there for years yet to come. He will be missed!

With greatest sympathy,

Tom Wynn and family

“ *Randy, I found out yesterday that you passed away. I can't believe it. You were one of my best friends and I will always look back at all the fun times we had together. I'll never forget the both of us trying to sing some of the old George Jones songs. Until we meet again.*
