“ *This still doesn't seem possible to me, so I can only imagine how Brock and Paula must feel. Terri was wonderful. Her kindness, her generosity, her sense of humor, her nurturing nature. She will be so deeply missed, but we should all find relief in the fact that she is pain-free and watching over us.*

“ *We are so shocked and saddened to hear of Terri's passing. Are prayers and thought are with the family that you will be comforted during this time. Our two oldest sons, Mike and Jason went to high school at Christiansburg with Terri and were good friends with each other. She was the sweetest and thoughtful teenager we had met and appreciated her kind spirit. She was always welcome in our home. I know she is enjoying being in the presence of the Lord. May He comfort you with that thought.*

“ Terri was an absolute joy to know and talk with! I am saddened that her life here on earth has ended, and send my sincerest condolences to her husband Brock, her beloved beagles (who are no doubt mourning for her in their own way), her parents, and all who have to now learn to live without her.

“ Terri was such a ray of sunshine and full of hugs. Selfless doesn't begin to describe her. NO words that I type will do her justice because she was that great of a person. Even while she was dealing with her breast cancer, she continued to check on me during my steps of having a breast biopsy. The laughs and hugs and smiles will never be forgotten but cherished. So blessed to have know you Terri fly high girl and we'll see each again.

“ Terri had a heart as big as the sky - she loves unconditionally and without hesitation. She genuinely cared about all people. There was a small boy who had passed & Terri called asking if we would wrap him in a blanket she had knit so he would feel warm & loved 😭. She took care of others selflessly and humbly and put the needs of others above hers. God clearly needed a woman of her caliber in heaven. She will be missed by all those whose lives she touched and influenced.

“ I was so sorry to hear of Terri's passing. She was one of the sweetest people you could ever meet. I met her at NRCC in our English class. I am old enough to be her mother and I was just starting college with no computer experience. She was my lifesaver in that class. Who knew later on that we would both be working for the Town of Christiansburg and she would come to live in Floyd also. I will always remember her with love and fondness. Heaven has gained a special angel. My prayers are with all the family now and in the days to come.
