“ I was shocked to hear of Doug's passing. He was my right hand man at CMG for the time me and him where there. You could always count on him for any task and always willing to help. He loved his family and talked about them all the time. My prayers and condolences to his family.

“ I didn’t know your dad for a long time, but even in that short time, he really made an impact. He had this calm, steady presence—one of those people who just makes you feel comfortable, even if you haven’t known them forever.

I’ll never forget our camping trip. Just being out there under the trees, sitting around the fire, laughing, and soaking it all in. And of course—his biscuits and gravy. Seriously, still the best I’ve ever had. But more than the food, it was the way he made everyone feel included, like you were part of something. That kind of warmth is rare.

What sticks with me most, though, is how much of him I see in you. You’ve always been one of the kindest, most genuine people I know, and I know that’s because of how he raised you. He clearly put so much love and goodness into your life, and it shows in everything you do.

He may be gone, but the way he showed up for people, the love he gave, and the person he helped shape in you—that’ll always be here.

He’ll be missed, but never forgotten.

If you guys need anything, we are here.

Love,
The Tannenbaums

“ Doug will be deeply missed. He was one of the kindest, most genuine people we've had the privilege of working with. Every day, like clockwork, he'd greet us with his good-natured grumble and his signature "Okie doke."

He treated us like the rowdy kids who drove him crazy, but it was always clear how much he cared. His patience and the way he looked out for everyone made a lasting impact.

He will be missed. We are sending strength and thoughts to his family and friends.

“ I worked with Doug and couple of years. We all referred to Doug as the "got it" man. If you needed something done, Doug got it done! He was not afraid of hard work and he was very dependable. He stopped by last year to say hello, and he talked about how much he he was enjoying his retirement. I'm very to hear of his passing and I offer my deepest condolences to his family and friends.

“ It was a pleasure getting to know Doug in the time that we worked together. His positive attitude and sense of humor always sparked joy in those around him, from what I could tell. I wish nothing but peace and love to the family through their time of healing.

“ I worked with Doug for a little over half a year. It was a pleasure to have met and know him. He was a respectable man, a hard worker- the kind you don't see anymore, and good work company as I am sure he was outside of work. I wish nothing but healing and peace for the family. He will be remembered and missed.
